This product is packaged with a limited warranty, the acceptance of which is a condition of sale

- Basic technical support provided for 90 days from date of purchase.
- <sup>1</sup> Requires use of HomePlug AV compatible Powerline device (two XAV5101 devices included). For a complete list of HomePlug AV certified devices, please check www.homeplug.org/certified\_products.
- <sup>†</sup> Actual data throughput and data over distance will vary. Network conditions and environmental factors, including volume of network traffic, building material and construction, and network overhead, result in lower actual data throughput rate.
- ‡ Average throughput gain in typical homes when comparing 500 Mbps vs. 200 Mbps Powerline technology.
  Outlets must be electrically connected in order for Powerline devices to provide a network connection between them.
