

Kensington MacBook 12" Privacy Screen

Keep Your Business, Your Business

K52900EU

Product Description

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your MacBook 12-inch and reduce the chances of wandering eyes viewing confidential data on your screen. MP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen. They are easy to attach or remove with the innovative magnetic strip. The reversible privacy screens also use a low reflective coating to reduce glare, and they filter out harmful blue light by up to 22 percent.

Features

- Seamless magnetic integration stays attached to the screen and can be closed with minimal gaps so your MacBook can still enter sleep mode.
- Limits viewing angle to +/- 30°, hiding personal or confidential information from anyone trying to look from the side
- Reduces harmful blue light by up to 22%
- Low reflective coating reduces glare and improves clarity
- Reversible with matte and glossy viewing options
