# HP Neverstop Laser 1000 series
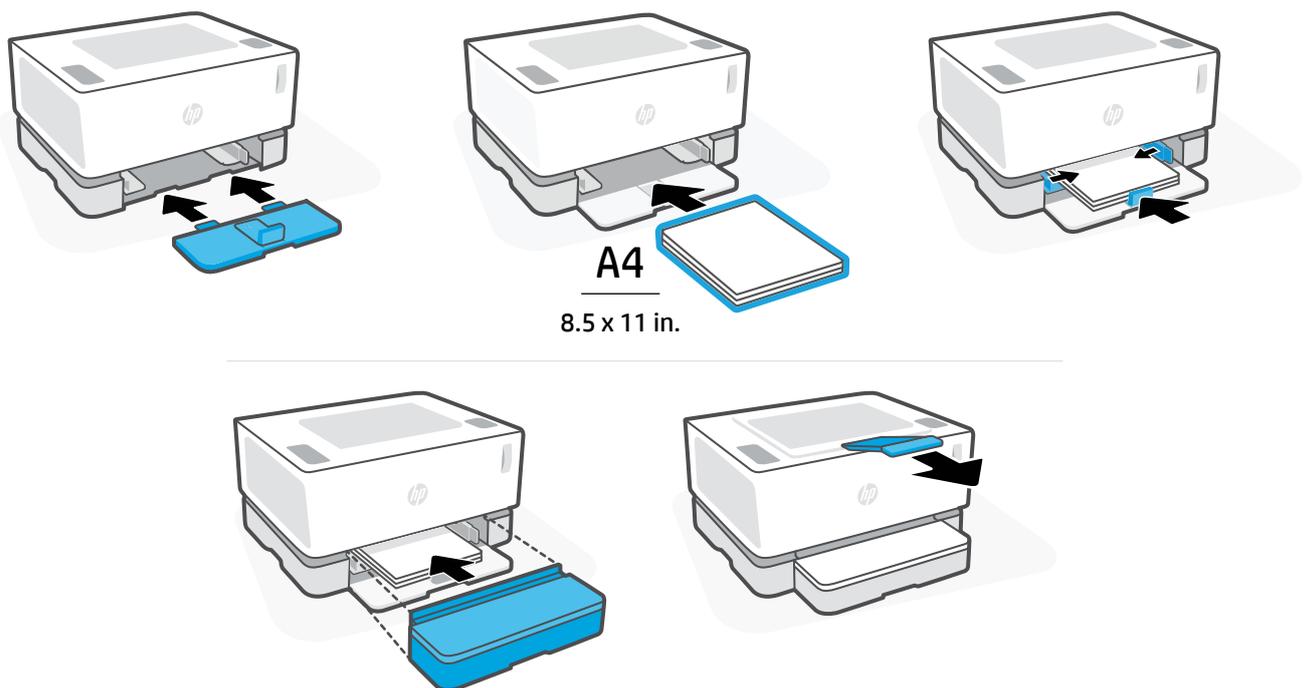

**1**

EN Remove the packing tape. Lift the top cover, and then remove and recycle the orange plastic handle with the attached black sheet.

2

A4
8.5 x 11 in.

EN Install the input tray, load paper, and then slide the cover into place over the tray. Pull out the output bin extension.

3

EN Plug in the printer. The printer turns on when it is plugged in and can take up to 1 minute to warm up. You will hear a series of noises, which is normal. When the Ready light ⏻ stops blinking, the printer is ready.
Note: Do not press the Power button ⏻ as this will turn off the printer and stop the warm-up process.
